

HURRY - LIMITED AVAILABILITY

# Seychelle Martinez

EQUESTRIAN & FULL LIVERY SERVICES

## FULL Livery Service - (No D.I.Y)

Your horse will have the best of care. Once part of Guys Cliffe Manor, our light and airy indoor stables make up the premium section of a Victorian stable block and courtyard with secure 24hr supervision and guard dogs on site.

Whether you are a busy horse owner, experienced competition rider or just enjoy the hobby of horse riding you'll find we run a professional, friendly, safe and secure environment.

Warwick Livery is part of a family run business based at Warwick International School of Riding, so you will benefit from all it has to offer: there are 3 floodlit outdoor schools, a 1 mile circular sand gallop and cross country course. Located just off the A46, 1 mile from Warwick town centre and only 5 miles to the M40, commuting could not be easier.

I qualified at the National Agriculture Centre, Stoneleigh (B.H.S.A.I.) and then took my National Certificate in Horse Management qualification at Morton Morrell Agricultural College (N.C.H.M.). A broad based course covering equine business studies and agriculture along with the practical side of horsemanship.

I competed in show jumping affiliated for many years and have over 30 years experience looking after the welfare and care of horses.

For more information of this new service, call or email me - Seychelle Martinez.
